

ASETEK - Capital Markets Day 2014

Aalborg, Denmark, March 12, 2014

Asetek, the world leading provider of energy efficient liquid cooling systems for data centers, announces a Capital Markets Day Thursday April 24 at its facilities in Aalborg, Denmark. Asetek welcomes shareholders, investors, press and the general financial community. Participants are also invited to dine with the company management on April 23, 7:00 PM CEST.

After its Q1 Earnings Release and the Annual General Assembly, also to be held on April 24, the Capital Markets Day will start out at approximately 10:30 AM CEST with a short introduction by Asetek's Chairman Mr. Sam Szejnbaum.

Following Mr. Szejnbaum, Asetek's CEO Mr. Andre S. Eriksen and other executive management members will provide updates on Asetek's strategy and in depth presentations on the business segments and technology development, as well as other current topics.

After the presentations, and in combination with a working-lunch, there will be tours of the facilities including lab tours, live RackCDU demonstration as well as a tour of the RackCDU manufacturing facility.

The day will end at 2:30 PM CEST. A shuttle bus to the airport will be provided.

There will be a shuttle bus picking up participants from hotel Radisson Blu at 7:30 AM CEST and from First Hotel Europa at 7:45 AM CEST, Thursday April 24.

Participants signing up for the dinner April 23 will receive an email with practical details in advance of the event.

There are limited spots available and pre-registration for the event is required on or before April 10 through the online form at http://asetek.com/investor-relations/CMD_2014

The Earnings Release presentation, Annual General Assembly and the Capital Markets Day will be held at:

Asetek A/S
Assensvej 2
DK-9220 Aalborg East
Denmark

About Asetek

Asetek is the world leading provider of energy efficient liquid cooling systems for data centers, servers, workstations, gaming and high performance PCs. Its products are used for reducing power and greenhouse emissions, lowering acoustic noise, and achieving maximum performance by leading OEMs and channel partners around the globe.

Asetek's products are based upon its patented all-in-one liquid cooling technology with more than 1.5 million liquid cooling units deployed in the field. Founded in 2000, Asetek is headquartered in Denmark with offices in California, China and Taiwan. For more information, visit <http://www.asetek.com>.
