

PRESS RELEASE

Halmstad, 8 November 2012

Power production October 2012

Power production in October was 29.7 GWh, which was slightly less than expected. Of this, the Jädraås wind farm contributed 2.8 GWh, which represents the company's share (50 %) of the project.

About 40 (120 MW) of the wind farm's 66 turbines have now been erected, and of these about 20 are being test run while the remainder are being put into operation.

About Arise Windpower

Arise Windpower is one of Sweden's leading companies in onshore wind power. Its business concept is to sell electricity generated at the company's own wind turbines. The company's target is to have 1,000 MW of onshore wind power constructed and under management by 2017, of which 500 MW will remain in the ownership of the company. Arise Windpower is listed on NASDAQ OMX Stockholm.
