The holders of warrants under Incentive Program 2021/2024 A and 2021/2024 B has chosen to use the post-sale purchase right for a total of 800,000 warrants, meaning that the Company may repurchase these warrants. In connection with the restructuring of the Company's business as previously communicated, two new incentive programs have, based on the strategic development, been proposed to the Annual General Meeting of the Company on 25 May 2022, and the intention is to offer certain board members, senior executives and key employees an opportunity to acquire new warrants, provided that the Annual General Meeting resolves upon the proposed incentive programs.

Considering the new settings for the business as well as the proposed incentive programs for the Annual General Meeting 2022, the Company has resolved to repurchase the warrants from the holders of warrants. Repurchase will be made at the market value of the warrants and repurchased warrants will be cancelled.
