

ASSA ABLOY sells PKI business unit to Vista Equity Partners

ASSA ABLOY has signed an agreement to sell HID's PKI business unit to Vista Equity Partners ("Vista").

The PKI business unit (Public Key Infrastructure) provides digital trust, identity, authentication, encryption, and certificate management solutions. The business unit includes PKI SaaS - IdenTrust and HydrantID - credential management, and ZeroSSL.

"I find it very satisfying that with Vista, the PKI business unit and its employees and customers gain a committed long-term investor, creating new opportunities for the future and I wish them every success," says Nico Delvaux, President and CEO of ASSA ABLOY.

"Our PKI team has built a strong business with a strong customer base, and Vista has the expertise to take it forward as the market evolves," says Björn Lidefelt, EVP and Head of HID. "We are pleased with this outcome for our customers, our employees, and for HID."

The divested business had sales in 2025 of MUS\$ 58 (approx. MSEK 570) with a strong operating margin.

The divestiture is subject to customary closing conditions and is expected to close during the fourth quarter of 2026.
