### COMMENTS BY THE PRESIDENT AND CEO

# Press Release

was slow but stable. It was pleasing that our electromechanical products did extremely well and continued to grow in all divisions and on all markets, with HID in particular reporting great successes and achieving 19% organic growth during the quarter.

"Operating income improved by 7% in spite of strong negative currency effects. The operating margin was affected positively by the volume growth and the efficiency and restructuring programs at the same time as it was diluted by acquisitions and currency.

"It is very pleasing that the Cardo deal is now concluding with the signing with ABB Ltd for the sale of Lorentzen & Wettre. This means that the parts of Cardo that do not fit ASSA ABLOY long term will get industrial owners that gives them better opportunities for continued development and growth. The integration of Crawford is progressing rapidly and is looking extremely promising.

"During the quarter Portafeu, France's leading manufacturer of fire doors, was acquired and its integration into EMEA division is in good progress. Portafeu broadens our offer in one of our most important European markets. I want to take this opportunity to welcome Portafeu's highly skilled staff into the Group.

"The business cycle on the mature markets is expected to be slow but stable due to cuts in public spending at the same time as the development on the emerging markets is expected to continue to be positive."

We have reviewed this Report for the period 1 January to 30 June 2011 for ASSA ABLOY AB (publ). The Board of Directors and the CEO are responsible for the preparation and presentation of this Interim Report in accordance with IAS 34 and the Swedish Annual Accounts Act. Our responsibility is to express a conclusion on this Interim Report based on our review.

We conducted our review in accordance with the Swedish Standard on Review Engagements SÖG 2410, 'Review of Interim Report Performed by the Independent Auditor of the Entity'. A review consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, ISA, and other generally accepted auditing standards in Sweden. The procedures performed in a review do not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the Interim Report is not prepared, in all material respects, in accordance with IAS 34 and the Swedish Annual Accounts Act, regarding the Group, and with the Swedish Annual Accounts Act, regarding the Parent company.
