## Autoliv prices EUR 500 million green bond issue

(Stockholm, Sweden, February 1, 2024) – Autoliv, Inc. (NYSE: ALV and SSE: ALIV.sdb), today announced that it has priced a 5.5-year bond offering of EUR 500 million in the Eurobond market (the “Notes”).

The Notes are due to be issued on February 7 and will carry a coupon of 3.625%. The Notes are expected to be admitted to trading on the Global Exchange Market (GEM) of the Irish Stock Exchange (Euronext Dublin) upon issue. Standard & Poor’s has assigned the Notes a rating of BBB.

“We are pleased that our second green bond issuance was as successful as our first issuance in March 2023. The coupon rate and the large interest from a broad base of investors reflects the strong support for the success of Autoliv’s sustainability agenda. Issuing Green Bonds allows us to address a broader group of investors and at the same time help finance advancement on our climate targets aligning with the broader society’s sustainability agenda,” said Fredrik Westin, Chief Financial Officer of Autoliv.

Autoliv will issue the notes as green bonds and will allocate an amount equal to the net proceeds from the offering of the notes to new or existing projects that meet at least one of the Eligibility Criteria under its Sustainable Financing Framework.
