

## **Irisity AB (publ) Awarded major New York Transportation customer project expansion and 3-year software support contract extension.**

*Gothenburg, Sweden – September 15, 2025* – Irisity AB (publ), a provider of AI-driven video data management software was awarded a major New York transportation customer project expansion and 3-year software support contract extension.

Valued at approximately 6 million SEK over a three-year period, this project will be delivered in Q3/Q4 with the initial phase of 1.5 million SEK being recognized as net sales starting in Q3 of 2025.

The project includes providing Irisity IRIS+™ analytics, hardware and support services for securing bridges and tunnels. The objective is to reliably and consistently bolster safety protocols and mitigate potential risks for high-traffic commuter routes.

The awarded expansion and 3-year software support contract extension demonstrates our commitment to successful customer AI software adoption and operational excellence. It also highlights our dedication to forging lasting partnerships with clients.
