Item 13

The Election Committee proposes that the Annual General Meeting resolves on the following procedure for establishing the Election Committee of Castellum and that the procedure shall apply until further notice.

The Chairman of the Board of Directors will contact the four largest ownership registered or otherwise known shareholders, not including such a shareholder that the Chairman of the Board of Directors may represent, as per the last share trading day in August each year and invite them to each appoint one member of the Election Committee. If such a shareholder should not wish to appoint a member, the next ownership registered or otherwise known shareholder in size should be consulted and so on. A member of the Election Committee shall, before the assignment is accepted, carefully consider whether any conflict of interest, or other circumstance that makes membership of the Election Committee inappropriate, exists.

The members appointed shall, together with the Chairman of the Board of Directors (being responsible for the summoning procedure), constitute the Election Committee. The names of the members of the Election Committee shall be announced no later than six months prior to each Annual General Meeting. The Election Committee shall appoint a Chairman amongst its members. The members of the Election Committee are subject to a confidentiality obligation

concerning the company's business and this obligation shall, at the company's request, be confirmed by the members through the signing of a confidentiality undertaking.

The Election Committee shall fulfil the tasks set out in the Swedish Corporate Governance Code and shall propose changes of the procedure for establishing the Election Committee, if appropriate.

Should any of those shareholders who have appointed a member of the Election Committee, dispose a significant part of its shares in the company before the Election Committee has fulfilled its task, the member in question must resign, if the Election Committee so decide, and be replaced by a new member appointed by the shareholder who, at the time, is the largest ownership registered or otherwise known shareholder not yet represented on the Election Committee. As an alternative to that the appointed member should resign and be replaced by a new member as mentioned above, the Election Committee may contact the shareholder who, at the time, is the largest ownership registered or otherwise known shareholder not yet represented on the Election Committee, and invite such a shareholder to appoint one member of the Election Committee. If such a shareholder should not wish to appoint a member, the thereafter largest ownership registered or otherwise known shareholder should be consulted and so on. The total maximum number of members of the Election Committee shall be six. In the event that any of the members of the Election Committee should cease to represent the shareholder having appointed the member before the Election Committee has fulfilled its task, the member in question must resign, if the Election Committee so decide, and be replaced by a new member appointed by the shareholder in question. If the ownership of the company should otherwise be altered significantly before the Election Committee has fulfilled its task, the composition of the Election Committee shall also be altered, if the Election Committee so decide, in accordance with the principles stated above. If such a change of the ownership occurs later than two months prior to the Annual General Meeting, no change of the composition of the Election Committee shall be made. A change in the composition of the Election Committee shall be announced.

The Election Committee shall serve as the Election Committee until a new Election Committee commences its service.

No remuneration shall be paid to the members of the Election Committee. At the request of the Election Committee, the company shall provide the Election Committee with resources such as administration services in order to facilitate the work of the Election Committee. Furthermore, the company shall bear reasonable costs, e.g. for external consultants, which the Election Committee considers necessary for the fulfilment of the Election Committee's obligations.

This procedure shall apply until further notice.

Item 14

The Board of Directors proposes that the Annual General Meeting resolves to approve the remuneration report pursuant to section 8 subsection 53 a of the Swedish Companies Act.

Item 15

The Board of Directors' proposal regarding guidelines for remuneration to the members of the executive management includes the following key considerations. The level of remuneration shall correspond to the conditions of the market and be competitive. A fixed salary shall be paid for work performed in a satisfactory manner. Pension terms shall correspond to general market practice and shall be based on pension schemes with fixed charges. In addition to the fixed salary, variable remuneration may be offered within the scope of a profit and

share price based incentive program. Such variable remuneration should aim to create long term value, and strengthen the sustainability work, within the group. The variable remuneration under the profit and share price based incentive program, which may not exceed the annual fixed salary, shall be based on to what extent previously established objectives in respect of growth of the income from property management per share and development of the share price have been achieved and how individually determined factors have been developed. The predetermined performance targets regarding the variable remuneration shall be clearly linked to Castellum's business strategy and long term interests, including its sustainability work. Variable remuneration shall be paid as salary, includes payment for vacation and shall not be pension qualifying income unless required by mandatory collective agreement. Further, the Board of Directors has the right to reclaim variable remuneration that has been paid on the basis of information that later has turned out to be inaccurate and provided with a deceptive intention.

The notice period shall, upon termination by the company, not exceed six months in respect of the Managing Director, and twelve months in respect of any other member of the executive management of the company. The notice period shall, upon termination by the Managing Director or by any other member of the executive management of the company, be six months. During the notice period full salary will be paid and other benefits will be provided to the employee, with deduction for salary and other remuneration received from another employment or business during the notice period. Such deduction shall not be made in respect of the Managing Director. A severance pay, corresponding to twelve fixed monthly salaries, shall be paid to the Managing Director upon termination by the company. Such severance pay shall not be reduced due to other income received by the Managing Director.

The guidelines applies to executive members of the group executive management in Castellum. The Board of Directors shall have the right to deviate from the guidelines, in whole or in part, if in a specific case there is special cause for the deviation and a deviation is necessary to serve the company's long-term interests, including its sustainability work.

Item 16

The Board of Directors' proposal implies that the Board of Directors shall be authorised to, during the period until the next Annual General Meeting, resolve on new share issues, on one or several occasions, with or without deviation from the shareholders' preferential rights and that shares corresponding to maximum ten per cent of the company's share capital may be issued. Further, the proposal implies that an issue may be made against cash payment, by set-off or by contribution in kind. In case of deviation from the shareholders' preferential right to subscription, shares shall be issued on market terms. The purpose of the Board of Directors' proposal is to enable the company to, completely or partially, finance any future real property investments and/or acquisitions of real property companies/businesses by issuing new shares as payment in connection with agreements on acquisition of real property, alternatively to raise capital for such investments and/or acquisitions.

In order to be valid, a resolution regarding authorisation of the Board of Directors to resolve on new share issues requires approval of at least two thirds of the votes cast and the shares represented at the Annual General Meeting.

Item 17

The Board of Directors' proposal implies that the Board of Directors shall be authorised to, during the period until the next Annual General Meeting, resolve on acquisition on one or several occasions, of the company's own shares provided that the company after each acquisition will not hold more than ten per cent of all the shares in the company, and to transfer all of the company's own shares with deviation from the shareholders' preferential rights. The

objective of the Board of Directors' proposal is to allow the company to adapt its capital structure to its capital needs from time to time and thereby contribute to an increased shareholder value, and to transfer own shares as payment, or in order to finance, real property investments and/or acquisitions of real property companies/businesses. This objective does not allow the company to trade with its own shares for the short-term purpose of making a profit.

In order to be valid, a resolution regarding authorisation of the Board of Directors to acquire and transfer own shares requires approval of at least two thirds of the votes cast and the shares represented at the Annual General Meeting.

Miscellaneous

The Board of Directors and the Managing Director shall, if any shareholder so requests, and the Board of Directors believes that it can be done without significant harm to the company, provide information regarding circumstances that may affect the assessment of an item on the agenda, circumstances that can affect the assessment of the company's or its subsidiaries' financial position and the company's relation to other companies within the group.
