

Platzer named Listed Company of the Year 2025

Platzer has been named Listed Company of the Year 2025 by Kanton. The award is based on criteria such as transparency, materiality, and consistency in financial and non-financial reporting.

Kanton's motivation highlights that Platzer demonstrates consistent communication across all three channels – **the website, interim reports, and the annual report** – with the annual report serving as the foundation. This makes it easy for stakeholders to follow the company regardless of channel or timing. The jury particularly emphasized Platzer's transparent descriptions of both opportunities and challenges, which support stakeholders in assessing the company's development and market value.

"Transparency and clarity are the foundation of trust – and that is exactly what we strive to build every day," says Kristina Arelis, Head of Communications at Platzer.

The Listed Company of the Year award is being presented for the 20th consecutive year. The purpose of the award is to recognize companies that excel in their financial communication.

"Being named Listed Company of the Year 2025 is an important recognition of our long-term commitment to openness and clarity in communication. The award confirms that we are on the right track – and inspires us to continue developing how we share both opportunities and challenges with our stakeholders," concludes Kristina Arelis.
