## Helene Biström new Senior Vice President Business Area Wind

**Helene Biström has been appointed new Senior Vice President and Head of Business Area Wind at Vattenfall and member of the Executive Group Management.**

Helene Biström has a long experience from and a broad and deep understanding of the energy industry. She is today Executive Vice President Commercial at BillerudKorsnäs. She has previously been CEO of Infranord AB and of Norrenergi and has long experience from Vattenfall where she among other things was member of the Executive Group Management between 2007 and 2010, responsible for Vattenfall's wind, nuclear and engineering businesses. She is a member of the Board of Directors at Boliden AB and has been Chairman of the Board of Sveaskog AB and Cramo and member of the boards of Statkraft AS, the Royal Institute of Technology (KTH) and Pöyry Plc.

"I am glad to welcome Helene Biström as the new SVP of Business Area Wind. With her extensive business experience from energy, infrastructure and pulp and paper industries she will be a very valuable colleague in the Executive Group Management team. Her operational experience in combination with her solid leadership capabilities will provide a good foundation for her and the very competent team already in place, to take Business Area Wind to the next level," says Anna Borg, President and CEO, Vattenfall.

"The world faces one of the biggest transformations we have seen and Vattenfall has high ambitions to contribute in this. It is both exciting and challenging to be part of driving that development together with all the competent and engaged employees at Vattenfall," says Helene Biström.

Helene Biström takes on her position latest September 1<sup>st</sup> 2021.

Vattenfall is a leading European energy company, which for more than 100 years has electrified industries, supplied energy to people's homes and modernised our way of living through innovation and cooperation. We now want to make fossil-free living possible within one generation. That's why we are driving the transition to a sustainable energy system through initiatives in renewable production and climate smart energy solutions for our customers. We employ approximately 20,000 people and have operations mainly in Sweden, Germany, the Netherlands, Denmark and the UK. Vattenfall is owned by the Swedish state.
