Bravida strengthens their position in Copenhagen by acquiring Vinther & Strøm A/S

Bravida Denmark is acquiring the installation company Vinther & Strøm A/S in Rødovre. The company has 52 employees and a turnover equivalent to SEK 70 million.

Vinther & Strøm was founded in 1999 and deliver installations and service within electricity, telecom, data, control, fire and security. Their primary customers are building contractors, general contractors and industries.

– Vinther & Strøm is an attractive business with competent employees and good reputation in the industry. I am convinced that both Bravida's and Vinther & Strøm's customers will benefit from the acquisition since it strengthens the offer, says Søren Frahm, regional manager Bravida Denmark Region Øst.

Vinther & Strøm's employees will become part of region Øst and will continue to deliver services to Vinther & Strøm's current customers.

– Our ambition has always been to deliver professional solutions at competitive prices with the best service, both during and after installation. Our ambition remains even after we become a part of Bravida, says Lars Vinther, one of Vinther & Strøm's founders.

Vinther & Strøm is Bravida Denmark's third acquisition during the past six months. In December 2015 Delta3 Teknik A/S in Randers was acquired and in March 2016 was EnergiMidt's electrical installations branch in Silkeborg acquired.

Bravida enters the ownership on 1 May 2016.
