The Board of Directors' Proposals for Resolutions

Dividend (item 8 b)

The Board of Directors propose a dividend to the shareholders of SEK 0.50 per share for the financial year of 2018 and that April 15, 2019, shall be the record date for receipt of the dividend. Should the AGM decide in favour of the proposal, the payment is expected to be made by Euroclear Sweden AB on Thursday, April 18, 2019.

Principles for remuneration to senior executives (item 14)

The Board of Directors proposes that the Annual General Meeting resolves to determine the following principles for remuneration to senior executives.

These principles concern remuneration and other terms of employment for members of the Gunnebo group management team and are valid for employment agreements entered into after the approval of the principles by the Annual General Meeting and for changes to existing employment agreements made thereafter.

Gunnebo AB shall offer a level of remuneration and other terms of employment which enables the company to recruit and retain senior executives. The overall principles for salary and other remuneration to senior executives are thus that compensation shall be competitive and on market level.

The total remuneration to senior executives shall consist of fixed salary, variable remuneration including long-term incentive programs, pension and other benefits.

The fixed salary shall take into account the individual's position, competence, areas of responsibility, performance and experience and shall normally be reviewed on an annual basis. The fixed salary shall constitute the basis for the calculation of the variable salary.

The variable salary shall be dependent upon the individual's achievement of specific quantitative business objectives and shall, with respect to the CEO, not exceed 90% of the fixed salary, of which 40% is derived from the maximum of long-term incentive programs. With respect to other senior executives, the variable salary shall not exceed 70% of the fixed salary, of which 20% is derived from the maximum of long-term incentive programs.

The Board shall, for each financial year, evaluate whether a share or share-price related incentive program shall be proposed to the Annual General Meeting or not. It is the Annual General Meeting who decides upon such program. The Board has decided to propose to the Annual General Meeting to decide upon a new incentive program for 2019. Pension premiums for senior executives resident in Sweden are paid in accordance with a premium based plan. The premiums may, depending on age and salary level, amount to a maximum of 35% of the base salary. Senior executives resident outside Sweden may be offered pension benefits that are competitive in the countries where the senior executives are resident, preferably defined-contribution plans. The retirement age shall be 65. Additional benefits consist of company car and private health insurance.

For senior executives resident in Sweden, the termination period in case of termination by the company shall be 12 months and six months in case of termination by the senior executive. Severance pay is not applied. Senior executives resident outside Sweden may be offered notice periods for termination that are competitive in the countries where the senior executives are resident, preferably notice periods comparable to the notice periods applied to senior executives resident in Sweden.

The Board reserves the right to deviate from these principles if special reasons for such a deviation exist in any individual case.

The Board of Directors proposal for (A) implementation of a long-term share based incentive program (LTI 2019/2023) and (B) hedging activities in respect thereof (item 15)

(A) Implementation of a long-term share based incentive program (LTI 2019/2023)

The Board of Directors of Gunnebo AB proposes that the Annual General Meeting resolves on implementation of a long-term share based incentive program ("**LTI 2019/2023**") comprising the executive management and a number of key employees within the Gunnebo group, on essentially the following terms and conditions.

It is proposed that LTI 2019/2023 shall comprise approximately 20 employees including the CEO, the executive management (SVP) and other key employees within the group (the "**Participants**"). The program shall comprise maximum 589,083 Gunnebo shares (ordinary shares), of which 471,266 shares can be allotted to the Participants in LTI 2019/2023 ("**Performance Shares**") and 117,817 shares which are mainly intended, in terms of liquidity, to hedge payments of future social security contributions related to the program. Subject to the performance and development of three different Performance Conditions (as defined below) during the financial year 2019 (the "**Performance Period**"), the Participants will receive Performance Shares free of charge on the Allotment Day (as defined below).

The maximum number of Performance Shares that may be received shall correspond to 40 per cent (CEO) and 20 per cent (the executive management (SVP) and other key employees within the group), respectively, of fixed salary 2019 (actually paid) calculated on the volume-weighted average price paid for the company's share during a period of five trading days after the publication of the year-end report for 2019 (including the day of publication), rounded to the nearest whole number, with 0.5 rounded up. However, the CEO shall receive a maximum of 115,737 Performance Shares, other member of the executive management (SVP) a maximum of 32,480 Performance Shares and other key employee a maximum of 23,387 Performance Shares.

The performance conditions that have to be achieved or exceeded during the Performance Period for vesting Performance Shares relate to (i) earnings per share (EPS), (ii) operating margin (EBIT) excluding non-recurring items and (iii) organic growth in per cent (the "**Performance Conditions**"), whereby each condition is weighted by 1/3. The vesting shall be based on the minimum level and the maximum target level, respectively, during the Performance Period, as resolved by the Board. If the minimum level is not achieved, no Performance Shares are vested. If the maximum target level is achieved or exceeded, full vesting shall take place. If the minimum level is achieved but not exceeded, allotment corresponding to 1 per cent of maximum number of Performance Shares shall take place. If the minimum level is exceeded but the maximum target level is not achieved, a linear allotment of Performance Shares shall take place. The final number of Performance Shares vested by each Participant shall be rounded to the nearest whole number.

The Board of Directors resolves on the Performance Conditions before LTI 2019/2023 is offered to the Participants. The Board of Directors intends to present the determined Performance Conditions and the achievement of them in connection with the publication of the year-end report for 2019.

The Participants receives vested Performance Shares after the Annual General Meeting 2023 and before 30 June 2023 (the "**Allotment Day**"). Receiving of vested Performance Shares is conditional upon (i) the Participant being employed within the group until the expiration of 2022. The Board of Directors may make minor exemptions from the requirement to be employed during the entire period. The Participant is not entitled to transfer, pledge or sell the right to receive Performance Shares or to exercise any shareholders' rights in respect of the Performance Shares prior these have been allotted on the Allotment Day.

(B) Hedging activities

In order to hedge delivery of Performance Shares and to cover administrative costs, mainly costs for social security contributions, the Board of Directors proposes, firstly, to resolve on a directed issue of convertible and redeemable C shares, followed by a repurchase and conversion into ordinary shares, and to resolve on transfer of own ordinary shares to senior executives in LTI 2019/2023 in accordance with section B below. In absence of the required majority, the Board of Directors, secondarily, intends to enter into a share swap agreement with a third party in order to hedge delivery of any costs related to the Performance Shares. The share swap agreement entails that the third party in its own name shall acquire and transfer Gunnebo shares to employees comprised by LTI 2019/2023.

(1) Authorisation for the Board of Directors to resolve on a directed issue of series C shares

Authorisation for the Board of Directors to resolve on a directed issue of redeemable and convertible series C shares in Gunnebo AB on the following terms and conditions.

1. The maximum number of series C shares to be issued shall amount to 589,083.
2. The authorisation may be exercised on one or several occasions until the Annual General Meeting 2020.
3. With deviation from the shareholders' preferential rights, the new shares may be subscribed for only by one external party after arrangement in advance.
4. The amount to be paid for each new share (the subscription price) shall equal the share's quota value at the time of subscription.
5. The new series C shares shall be subject to Chapter 4, Section 6 of the Swedish Companies Act (conversion restriction) and Chapter 20, Section 31 of the Swedish Companies Act (redemption restriction).

The purpose of the authorisation is to hedge the undertakings of Gunnebo AB according to LTI 2019/2023 and, in terms of liquidity, to hedge payments of future social security contributions related to Performance Shares. In order to minimize Gunnebo AB's costs for LTI 2019/2023, the subscription price has been set to the share's quota value.

(2) Authorisation for the Board of Directors to repurchase issued series C shares

Authorisation for the Board of Directors to resolve on repurchase of all issued redeemable and convertible series C shares in Gunnebo AB on the following terms and conditions.

1. Repurchase may take place by way of an acquisition offer directed to all holders of series C shares in Gunnebo AB.
2. The authorisation may be exercised on one or several occasions until the Annual General Meeting 2020.
3. The maximum number of series C shares to be repurchased shall amount to 589,083.
4. Repurchase shall be made at a price per share of minimum 100% and maximum 110% of the quota value applicable at the time of subscription.
5. Payment of repurchased shares shall be made in cash.
6. The Board of Directors shall have the right to resolve on other terms and conditions for the repurchase.
7. Repurchase may also be made of a so-called interim share, by Euroclear Sweden AB designated as a Paid Subscribed Share (Sw. Betald Tecknad Aktie (BTA)), regarding a series C share.

The purpose of the authorisation is to hedge the undertakings of Gunnebo AB according to LTI 2019/2023 and, in terms of liquidity, to hedge

payments of future social security contributions related to Performance Shares.

(3) Proposal for resolution on transfer of the company's own ordinary shares to participants in LTI 2019/2023

Resolution on transfer of the company's own ordinary shares to participants in LTI 2019/2023 on the following terms and conditions.

1. A maximum number of 471,266 Gunnebo shares may be transferred free of charge to participants in LTI 2019/2023.
2. With a deviation from the shareholders' preferential rights, the right to acquire Gunnebo shares free of charge shall comprise employees in the group participating in LTI 2019/2023, with a right for each of the participants to acquire the maximum number of shares stipulated in the terms and conditions of LTI 2019/2023.
3. Transfer of Gunnebo shares shall be made free of charge at the time for, and according to the terms for, the allotment of Gunnebo shares to participants in LTI 2019/2023.
4. The number of Gunnebo shares that may be transferred under LTI 2019/2023 shall be recalculated due to any intervening bonus issue, split, preferential issue and/or similar corporate actions.

Since LTI 2019/2023 initially in principle is not expected to give rise to any costs for social security contributions of Gunnebo AB (and since a resolution on transfer is valid only until the next Annual General Meeting), the Board of Directors has decided not to propose that the Annual General Meeting 2019 resolves on transfer of the company's own ordinary shares on a regulated market for hedging of cash flow for social security payments. However, before any transfers of Gunnebo shares to participants in LTI 2019/2023 can be made, the Board of Directors intends to propose to a later General Meeting to resolve on transfers of the company's own ordinary shares on a regulated market in order to hedge such payments.

Scope and dilution

No allotment of shares will be made under the share based incentive programs which were implemented by resolutions by the Annual General Meeting in 2017 (LTI 2017/2021) and in 2018 (2018/2022), respectively, which include so-called performance shares to the executive management and a number of key employees within the group, due to non-fulfilment of the performance conditions.

The maximum number of Performance Shares that may be allotted to the participants under LTI 2019/2023 amounts to 471,266 shares, which corresponds to approximately 0.61 per cent of the share capital and votes in the company. Aggregated with the maximum number of additional shares that may be transferred, which mainly consists of cash flow related hedging of costs for social security contributions, LTI 2019/2023 will comprise a maximum of 589,083 shares and the maximum dilution of the program will amount to approximately 0.76 per cent of the share capital and votes in Gunnebo AB.

Estimated costs and effects on key ratios

Based on the assumption of a share price of SEK 24 at the start of the program, an anticipated yearly 10 per cent increase in the share price from implementing the program until shares are received approximately 4 years later, an employee turnover of 5 per cent per year and an assessment of future dividends of the Gunnebo share, the total costs for LTI 2019/2023 including costs for social security contributions, are estimated to approximately MSEK 11.5, provided that the Performance Conditions are fully met. On a yearly basis this will equal approximately 0.2 per cent of Gunnebo AB's total staff costs for the financial year 2018. Under LTI 2019/2023, the maximum outcome for the participants is not limited, and therefore the maximum costs for social security contributions cannot be calculated.

Given the full-year result of 2018, the costs for LTI 2019/2023 would have a negative effect of approximately 0.06 percentage units on Gunnebo AB's operating margin and a reduction of profit per share of approximately SEK 0.04, provided that the Performance Conditions in the cost estimate above are fully achieved. However, the Board of Directors believes that the expected positive effects of LTI 2019/2023 on Gunnebo AB's financial result will outweigh the costs for the program.

Other

The resolution of the Annual General Meeting to implement LTI 2019/2023 in accordance with section A above is not conditional upon the hedging activities in section B above. In order for the resolution by the Annual General Meeting on implementation of LTI 2019/2023 to be valid, the Board of Directors' proposal under section A must be supported by more than one half of the votes cast at the Annual General Meeting.

The Board of Directors proposes that the proposed resolutions on hedging activities under section B above are passed together as one resolution. A valid resolution of the Annual General Meeting on the proposed hedging activities in accordance with section B, requires that the Board's proposal is supported by shareholders representing at least nine-tenths of both the votes cast and shares represented at the Annual General Meeting.

The Board of Directors proposes that the CEO be authorised to make such minor amendments of the above proposals as may be required in connection with the registration with the Swedish Companies Registration Office and Euroclear Sweden AB.

Resolution on authorisation for the Board of Directors to decide on new share issue (item 16)

The Board of Directors proposes that the Annual General Meeting resolves, during the period until the next Annual General Meeting to authorise the Board of Directors in conjunction with agreements on company acquisitions, on one or several occasions, with or without deviation from the preferential rights for the shareholders, for a cash payment or through payment in kind or set-off, to decide upon a new share issue in the company. The authorisation shall comprise a maximum number of shares corresponding to 10% of the total number of shares in the company.

The reason for the possibility to deviate from the preferential rights for the shareholders is that the company shall be able to issue shares as payment in conjunction with company acquisitions, alternatively to procure capital for such acquisitions. The issue price will be determined in accordance with then current market conditions.

The Board of Directors, the CEO or a person appointed by one of them shall be entitled to make any minor adjustments to the above decision which might be required in conjunction with registration with the Swedish Company Registration Office.

A decision under this item is valid only if supported by shareholders representing at least two-thirds of both votes cast and shares represented at the Annual General Meeting.

The shareholders' right to require information

The Board of Directors and the CEO shall at the annual general meeting, upon request by a shareholder, provide information in respect of any circumstances which may affect the assessment of a matter on the agenda, and any circumstances which may affect the assessment of the company's financial position. Such information may be provided where the Board of Directors believes that such may take place without significant harm to the company. The duty to provide information also applies to the company's relationship to other group companies as well as the group accounts and the abovementioned circumstances regarding subsidiaries.

Further information

The Annual Accounts and the Auditor's Report, the statement of the Auditor regarding the application of the principles for remuneration to senior executives and the Board of Directors complete proposals for resolutions in respect of items 14, 15 and 16 will be available at Gunnebo AB and on Gunnebo AB's website www.gunnebogroup.com no later than March 21, 2019, and will be distributed without charge to shareholders who so request and state their address.

At the time of the issue of this notice, the total number of shares in the company amounts to 77,050,848, of which 76,448,581 ordinary shares and 602,267 series C shares, corresponding to 76,508,807.7 number of votes. All shares of series C are held by the company.
