Principles for remuneration to senior executives (Item 15)

The Board of Directors proposes that the Annual General Meeting resolves to determine the following principles for remuneration to senior executives.

These principles concern remuneration and other terms of employment for members of the Gunnebo group management team and are valid for employment agreements entered into after the approval of the principles by the Annual General Meeting and for changes to existing employments agreements made thereafter. The proposal is in compliance with the principles of previous years.

Gunnebo shall offer a level of remuneration and other terms of employment which enables the company to recruit and retain senior executives. The overall principles for salary and other remuneration to senior executives are thus that compensation shall be competitive and on market level. The total remuneration to senior executives shall consist of fixed salary, variable remuneration including long-term incentive programmes, pension and other benefits. The fixed salary shall take into account the individual's position, competence, areas of responsibility, performance and experience and shall normally be reviewed on an annual basis. The fixed salary shall constitute the basis for the calculation of the variable salary.

The variable salary shall be dependent upon the individual's achievement of specific quantitative financial business objectives and shall not exceed 50% of the fixed salary.

The Board shall, for each financial year, evaluate whether a share or share-price related incentive programme shall be proposed to the Annual General Meeting or not. It is the Annual General Meeting who decides upon such programmes. The Board has decided not to propose to the Annual General Meeting to decide upon an incentive programme.

Pension premiums for senior executives resident in Sweden are paid in accordance with a premium based plan. The premiums may, depending on age and salary level, amount to a maximum of 35% of the base salary. Senior executives resident outside Sweden may be offered pension benefits that are competitive in the countries where the senior executives are resident, preferably defined-contribution plans. The retirement age shall be 65.

Additional benefits consist of company car and private health insurance.

For senior executives resident in Sweden, the termination period in case of termination by the company shall be 12 months and 6 months in case of termination by the senior executive. Severance pay is not applied. Senior executives resident outside Sweden may be offered notice periods for termination that are competitive in the countries where the senior executives are resident, preferably notice periods comparable to the notice periods applied to senior executives resident in Sweden. The Board reserves the right to deviate from these principles if special reasons for such a deviation exist in any individual case.

Remuneration to senior executives already decided which has not become due for payment at the Annual General Meeting 2013 falls within the frames of these principles, except that the CEO is entitled to 12 months' severance pay in case of termination by the company.

No deviations from the principles approved by the Annual General Meeting 2012 have been made.
