Coor signs new IFM agreement with the Danish Building and Property Agency

Coor has signed a new 7-year Integrated Facility Management agreement with the Building and Property Agency in Denmark. The assignment is due to start on 1 May 2022 and is worth some SEK 3 Bn over the contract period.

Coor's assignment for the Danish Building and Property Agency entails broad integrated service delivery including restaurant services, cleaning, security, exterior environment, waste management and operations and maintenance for the Danish Building and Property Agency's property holding in Denmark, totaling approximately 375,000 m².

"This new IFM assignment generates continued positive profitable growth for Coor in Denmark. The assignment with the Danish government confirms our position as the market leader in the Nordics in IFM," commented AnnaCarin Grandin, President and CEO of Coor.

Following the Danish government's announcement of its decision, Coor is now formally obliged to await a period of approximately two weeks during which other suppliers can appeal the decision.
