

Press release from Atlas Copco AB

Chinese abatement company has become part of Atlas Copco Group

Nacka, Sweden, August 4, 2025: New Star Technology (Suzhou) Co. Ltd. ("New Star Technology"), a specialized Chinese abatement company, has become part of Atlas Copco Group.

The company was founded in 2015 and is located in Suzhou, China.

New Star Technology produces gas abatement equipment mainly using absorbers and catalyst technology. The company also produces and sells replacement absorber materials, and the main customer segment is within the semiconductor sector.

The purchase price is not disclosed. In 2024 the company had revenues of approximately CNY 50 M (73 MSEK*).

As part of the acquisition 38 employees have joined Atlas Copco Group and the company has become part of the Semiconductor division within the Vacuum Technique Business Area.
