

ORGANOCLICK AB (PUBL) PUBLISH INTERIM REPORT FOR THE THIRD QUARTER 2016

"Our third quarter has after the summer months been full of activities. We have signed an agreement to make our first acquisition, received several test orders of our binder OC-biobinder™ and performed production tests with three big suppliers of nonwoven. In June we also became approved as a supplier to a big producer of electrical insulations where our product OC-aquasil™ is used to make the fabrics water repellent. This customer has during the fall made the first commercial orders of smaller volumes but are planning to gradually scale up its volumes."
