

ORGANOCLICK AB (PUBL) PUBLISH YEAR END REPORT 2018

"The new year has started with ice and snow but with a strong January in hand, we feel like we are moving toward brighter times after a weak 2018. Q4 was in line with previous quarters 2018, with a weak Swedish building market as the main reason for our low sales growth. Our net sales during the quarter increased with 4.3 % to SEK 13.1 (12.5) million, totalling a sale of SEK 78.4 (74.7) million for the full year... During the first quarter our focus will be on production and delivery. We are approaching spring which is our most intense period. With our newly signed agreements, substantially larger volumes will be delivered than previous years, and with Baux launch of interior design products, we will also scale up our production of biocomposites... After a weak 2018, we now look forward to 2019 where we have an ambition to return to two digit sales growth and continue to improve our result. We will thereby create value for both our shareholders and further increase the supply of our biobased products that replace the current plastic products."

Translation from CEO Mårten Hellbergs comment to the Year End Report.

OrganoClick AB (publ) is a public Swedish cleantech company listed on Nasdaq First North. The company develops, produces and markets functional materials based on environmentally friendly fiber chemistry. Examples of products that are marketed by OrganoClick are the durable water repellent technology for textiles OrganoTex®, the biocomposite material OrganoComp®, surface treatment and maintenance products for villa and property owners under the brand BIOkleen®, biobased binder under the trade name OC-BioBinder™ and the flame and rot-resistant timber OrganoWood® (through the joint-venture OrganoWood AB). OrganoClick was founded in 2006 as a commercial spin-off company based on research performed at Stockholm University and the Swedish University of Agricultural Sciences within environmentally friendly fiber chemistry. OrganoClick has won a number of prizes, such as "Sweden's Most Promising Start -up" and "Sweden's Best Environmental Innovation", and has also received a number of awards, such as the WWF "Climate Solver" award, listed as a SUSTAINIA100 company and has also appeared for two years on the Affärsvärldens and NyTekniks list of Sweden's top 33 hottest technology companies. OrganoClick has its head office, production and R&D located in Täby, north of Stockholm. OrganoClick's Certified Adviser on Nasdaq First North is Erik Penser Bank, phone: +46 (0)8 463 83 00, email: certifiedadviser@penser.se.
