ORGANOCLICK AB (PUBL) PUBLISH INTERIM REPORT FOR Q3 2021

**During the third quarter, we saw clear operational improvements. Not only did sales increase by 13.5 (27.7)
percent to MSEK 22.6 (19.9), but we also concluded new agreements with both XXL Sverige for OrganoTex®
and with Bergs timber UK for OrganoWood® timber. We were also able to reduce our high costs of production
gradually over the quarter, which arose as a consequence of capacity shortages during the second quarter.
At the end of the quarter, our new fully automated filling machine became operational. This will increase our
productivity and capacity for 2022. During 2021, our sales have now increased by 17.7 (11.0) percent, to MSEK
92.1 (78.3).**
