

OrganoClick awarded Täby's environmental prize

For its work with green chemistry and fiber based material, OrganoClick has been awarded with Täby municipality's environmental prize 2015.

The prize giving ceremony was held during Täby municipality's yearly industry day. The prize was given out by Täby's municipal commissioner Annika Nordgren.

"It's an honour to be awarded with Täby municipality's environmental prize. We are very happy to be located in Täby and are now expanding our business rapidly due to a growing demand of our eco-labeled products", said Mårten Hellberg, CEO OrganoClick during the price giving ceremony. For more information and motivation for the prize, see Täby municipality's homepage [here](#).

About OrganoClick

OrganoClick AB (publ) is a public Swedish cleantech company listed on Nasdaq First North. The company develops, produces and markets functional materials based on environmentally friendly fiber chemistry. Examples of products that are marketed by OrganoClick are the water repellent fabric treatment OrganoTex®, the flame and rot-resistant timber OrganoWood® and biocomposite materials. OrganoClick was founded in 2006 as a commercial spin-off company based on research performed at Stockholm University and the Swedish University of Agricultural Sciences within environmentally friendly fiber chemistry. OrganoClick has won a number of prizes, such as "Sweden's Most Promising Start -up" and "Sweden's Best Environmental Innovation", and has also received a number of awards, such as the WWF "Climate Solver" award and has also appeared for two years on the Affärsvärldens and NyTekniks list of Sweden's top 33 hottest technology companies. OrganoClick has its head office, production and R&D located in Täby, north of Stockholm. OrganoClick's Certified Adviser on Nasdaq First North is Pareto Securities AB.
