### **About AktieTorget**

AktieTorget is a Stock Market for growth companies and committed investors. AktieTorget offers listing and trading of growth company shares and the business idea is to provide a fair and transparent Stock Market. We support listed companies with a tool for growth and development and thanks to partnerships with SvD Börsplus, FinWire, Direkt and Cision, AktieTorget can offer the listed companies visibility. Many entrepreneurial growth companies are listed, including companies such as Storytel, SyntheticMR and Bahnhof. The operations are under the supervision of Finansinspektionen.
