First day of trading in CS MEDICA

Today is the first day of trading on the Spotlight Stock Market in Denmark for CS MEDICA, a Danish company active in the development of medical devices. Their portfolio includes products that contain medical cannabis (CBD), with the greatest focus on dietary supplements and various treatment care.

CS MEDICA is a Danish company active in medical technology. The company specializes in the development of medical devices. The portfolio includes products that contain medical cannabis (CBD). The products are used, for example, by patients suffering from psoriasis, arthritis, and hair loss. The largest operations are found in the Nordic market, where the products are resold under their brand.

“We are very happy that the day of the first day of trading has come. Progressing forward, we will conduct business at a desirable pace as a public company. A truly exciting achievement for CS MEDICA,” says Lone Henriksen, CEO, CS MEDICA.

"Today we welcome CS MEDICA to Spotlight. An exciting company, active with the development of medical devices that contain medical cannabis (CBD). It will be interesting to follow their growth journey ", says Carl-Henrik Nordberg, Head of Listing, Spotlight.
