Getinge invites to virtual Capital Markets Day on November 22, 2021

Getinge welcomes analysts, investors and media to participate at Getinge's virtual Capital Markets Day on November 22, 2021.

Getinge's most recent Capital Markets Day was held in November 2018, when the Executive Team summarized the activities and priorities that would lead the company to its current position: strong customer focus, increased sales and profitability, as well as a strengthened financial position.

Now, Getinge presents the next steps to strengthen the effects of the continuous improvement work and to take advantage of organic and acquisition related opportunities with increased intensity – given Getinge's unique technological competence, global presence and solid financial position.

The event will start at 3.00 pm (CET) and end at approximately 5.00 pm, with the possibility of extended time for Q&A if needed. The log in to the Capital Markets Day will open from 2.40 pm.

To participate at the event, please register via this [link](#). It will also be possible to take part of the broadcast afterwards. A link will be provided via [Getinge's website](#).
