## **Skanska builds manufacturing facility in western USA for USD 120M, about SEK 1.1 billion**

Skanska has signed a contract with an existing client to construct a manufacturing facility in western USA. The contract is worth USD 120M, about SEK 1.1 billion, which will be included in the US order bookings for the second quarter 2017.

Construction work is under way and will be completed in February 2018.

Skanska is one of the leading development and construction companies in USA, specialized in building construction, civil infrastructure and developing commercial properties in select U.S. markets. Skanska also offers services in public-private partnerships. Skanska USA had sales of SEK 59 billion in 2016 and had about 9,300 employees in its operations.
