Skanska plans tunnel and station in Sundbyberg and Solna for the Swedish Transport Administration (Trafikverket) for about SEK 300M

Skanska Sweden has signed an agreement with Trafikverket to work out the prerequisites for implement the contract "E9961 Tunnel and Station Sundbyberg-Solna" in the infrastructure project Mälarbanan. The contract is worth SEK 300M, which will be included in the order bookings for Skanska Sweden in the fourth quarter of 2018.

This first and preparatory phase begins in November and is scheduled to end in February 2021.

Project Mälarbanan comprises the railway line between Tomtebodavägen and Kallhäll, which will get four instead of two tracks.
