Skanska builds new Medical Center in Cincinnati, OH, USA, for USD 35 M, about SEK 310 M

Skanska has signed a contract with TriHealth to build the TriHealth Good Samaritan Western Ridge Medical Center in Cincinnati, OH, USA. The contract is worth USD 35 M, about SEK 310 M, which will be included in the US order bookings for the fourth quarter 2018.

The three-story 9,000-square-meter expansion of the Western Ridge Medical Center will accommodate primary care doctors and expanded cancer services, including radiation oncology and an infusion center. Physician's offices in the medical office building include primary care, cancer, heart, endocrinology and cosmetic surgery.

Construction services started in December 2017, and the project is expected to be complete in March 2021.

Skanska is one of the leading construction and development companies in the USA, specializing in building construction, civil infrastructure, public-private partnerships and commercial property developments in select US markets. Skanska USA had sales of SEK 59 billion in 2017 and has approximately 9,500 employees.
