Fermentation gives the frozen oats a rich and smooth taste and consistency. How about trying the novelties in the classic ice cream dessert banana split? Add chocolate or caramel sauce on top of a split banana and three scoops of Fazer Yosa Frozen Oats of your choice. Finish up with whipped Aito Oat for Whipping.

## Novelties in Sweden

Oats and oatbread are in a focus for Fazer in Sweden 2020.

Fazer is the market leader within the healthy and dark portion bread segment that is usually associated with rye. This gives us credibility now that Fazer is launching several oat breads to meet the consumer demand for healthy

products. Oat has several health benefits due to nutrients like fibers, proteins, vitamins and minerals including zinc and iron. By launching new oat novelties in different bread segments, Fazer makes it easier for consumers to make healthier choices and increases the interest in bread to consumers. Sustainable Nordic oats is a part of Fazer's growth strategy with the goal of becoming one of Europe's leading players.

Earlier this year launched **Fazer Havrefralla** was the first oat bread in Fazer's oat family. It is a tasty square-shaped bread with a high amount of oats (51%) and a high amount of whole grains (23%) compared to other light breads. This bread has quickly become popular among consumers.

**Fazer Havrerundel** is a soft bread in a popular round format. This product is unique and has a higher amount of oats (17%) than other products in this segment. The consumers will be able to taste this new bread in the middle of May.

Dumle is a joyful classic that will never grow up! **Dumle Strawberry 220 g** is a delicious mix of soft chewy toffee, smooth Fazer milk chocolate and sweet strawberry flavour. There is enough delicious flavour in one bag to share with your friends. Made from 100% responsibly produced cocoa.

**Tutti Frutti Chewy Fruits Sour** gives your taste buds some zing! This bag (70 g and 120 g) of Tutti Frutti Chewy Fruits is filled with delicious chewy candies coated in sour sugar. They come in pear, passion fruit, pineapple and tutti frutti flavours. Tutti Frutti Chewy Fruits Sour are suitable for vegans and contain only natural colours. They get their fresh taste from natural flavours. Brighten up your day with these sour, chewy sweets!
