Corem signs six-year agreement with Aranya in Sundbyberg, Stockholm

Corem has signed a six-year lease agreement with Aranya AB, a growing company specializing in networks, IT infrastructure, and cybersecurity, for approximately 1,000 sq.m. in the property Sprängaren 9 in Sundbyberg, Stockholm.

The new premises will be designed according to the needs of the business and will provide Aranya with a modern and open work environment featuring generous ceiling heights and spaces created for collaboration. Occupancy is planned for the fourth quarter of 2026.

“We are very much looking forward to moving into our new premises, where we can continue our growth journey. This new step together with Corem gives us room for expansion in new and attractive spaces with high ceilings and areas designed for focus and energy,” says Frida Ekström, HR Manager at Aranya.

“We are very pleased to welcome Aranya to us and to Sundbyberg, where together we are creating premises that can support their operations and future development. We look forward to a long and successful partnership,” says Anna Lidhagen Ohlsén, Property Manager at Corem.
