

## Advenica grows in Europe – new Austrian order worth MSEK 5

Advenica, a leading European provider of cybersecurity solutions, has received a new order for products and services from a customer inside the Austrian public sector.

Advenica provides expertise and unique, technically advanced, durable and future-proof high assurance cybersecurity solutions for critical data in motion up to Top Secret classification. The company has its head office in Malmö, Sweden and established itself in Austria in mid-2017 to provide high-security cybersecurity solutions to customers in Austria and other European countries.

The newly signed order, worth MSEK 5, concerns both Advenica's products and services. The customer is an organization in the Austrian public sector and delivery is planned to Q3 and Q4 2019. The products will partly be engineered and produced in Austria, a solution that adds local connection and knowledge. The nature and circumstances of the industry regarding the delivery and the customer means that no further information about the customer will be published.

*We work with many customers whose operations require high-assurance solutions to safeguard their most valuable information. This new order proves once again that there is a concrete need for our expertise and unique high assurance cybersecurity solutions.*
