

Advenica grows in Europe - receives order for crypto products worth MSEK 19

Advenica, the Swedish supplier of cybersecurity solutions, has received an additional order from a European authority regarding products and services for VPN equipment. The new order is worth MSEK 19 and will be delivered during 2021-2024.

On May 5th, Advenica published an order of MSEK 5.9 from a European authority on crypto products, an order to be delivered in 2020. Advenica has now received an additional order from the same authority. The new order applies to products and services for VPN equipment, worth MSEK 19 and for delivery during 2021-2024.

Advenica's crypto products have EU-approved VPN technology at the highest level of security. With high assurance, future-proof technology, ease of use and exceptional reliability, they help our customers protect their critical information. Increased information security that contributes to viable and sustainable businesses - and to a more secure world.
