

Advenica receives order worth MSEK 6.7 from a Swedish authority

Advenica, the Swedish provider of cybersecurity solutions, has received a new order from a Swedish authority. The deal is worth MSEK 6.7, concerns services and deliveries will take place continuously until June 2022.

Advenica is a well-established and trusted supplier of cybersecurity solutions that protect critical information - solutions that meet the highest security requirements. The company has now received a new order for services to ensure continued maintenance of quality and high assurance from a Swedish authority.

Delivery of the order will begin immediately and will take place continuously until June 2022.

Advenica has extensive experience of working with customers who place very high demands on security technology - customers who demand solutions that protect the most valuable information. We are proud that Swedish authorities are choosing us as a supplier of effective cybersecurity solutions – solutions that, by protecting critical information, contribute to a more secure world.
