

Advenica wins order worth 8 MSEK from a Swedish authority

Advenica has received a new order from a Swedish authority within the total defence. The deal is worth 8 MSEK and concerns delivery of encryption products.

Advenica is a well-established and trusted supplier of cybersecurity solutions both in Sweden and internationally. The solutions are based on Advenica's trusted technology and meet the authority's requirements to be able to exchange information classified as "Kvalificerat Hemlig". In addition, they are approved for encrypted communication of the highest level of protection-worthy information within the EU.

The new order, worth 8 MSEK, comes from a Swedish authority - a customer that the Company has collaborated with for a long time. The order concerns delivery of encryption products during Q4 2026.

We deeply value that authorities within the total defence rely on our products to secure their most sensitive information. We are proud of this continued trust.
