

# Media invitation to the prestigious Swedish Steel Prize Days

We are delighted to invite media representatives to the Swedish Steel Prize Event, taking place over three exciting days in Stockholm and at SSAB's Luleå and Oxelösund sites. Site visits and inspiring lectures are open for accredited media representatives. In connection to May 8, the winner of the Swedish Steel Prize will be announced separately.

## Event Details:

- **Dates:** May 6-8, 2025
- **Locations:** SSAB production sites in Luleå and Oxelösund, and Stockholm Waterfront Congress Centre, Stockholm, Sweden

## Highlights:

### 1. Experience Day (May 6):

- Visits to SSAB's production sites in Luleå and Oxelösund
- Opportunity to see cutting-edge steel production processes

### 2. Insight Day (May 7):

- Upgrade your knowledge through sessions with SSAB's top management team, experts, and partners
- Educational seminars on steel grades, industry trends, latest innovations, sustainable solutions, and more

### 3. Inspiration Day (May 8):

- Theme: Leading the Way
- Perspectives: Global, Business, Individual
- Activities: Inspiration seminars, interviews, panel discussions
- Speakers: International keynote speakers, SSAB representatives, Swedish Steel Prize finalists
- Additional: Entertainment, lunch, coffee breaks, professional networking, exhibition

## Swedish Steel Prize:

The Swedish Steel Prize recognizes those who improve their business, industry, or society through the creative use of steel. Welcoming entries from across the world, the prize aims to inspire engineers, designers, and

SSAB is a Nordic and US-based steel company that builds a stronger, lighter and more sustainable world through value added steel products and services. Working with our partners, SSAB has developed SSAB Fossil-free™ steel and plans to reinvent the value chain from the mine to the end customer, largely eliminating carbon dioxide emissions from our own operations. SSAB Zero™, a largely carbon emission-free steel based on recycled steel, further strengthens SSAB's leadership position and our comprehensive, sustainable offering independent of the raw material. SSAB has employees in over 50 countries and production facilities in Sweden, Finland and the US. SSAB is listed on Nasdaq Stockholm and has a secondary listing on Nasdaq Helsinki.
