

Mangold Fondkommission includes Enviro among "top picks" in newly launched share portfolio

N.B. The English text is an in-house translation of the original Swedish text. Should there be any disparities between the Swedish and the English text, the Swedish text shall prevail.

Mangold Private Banking portfolio management have included Scandinavian Enviro Systems (Enviro) among the companies that have been chosen as "top picks" in a newly launched share portfolio, which is directed to the customers of Mangolds within Mangold Private Banking.

Mangold Private Banking launches the portfolio Mangold Microcap Top Picks to offer their clients an investment possibility in specially chosen high-growth companies. According to Mangold the portfolio is to consist of at least five microcap-companies with "expected strong share price value development". The selection of shares is based on the assigned analyses Mangold Insight, which is monitoring Swedish high-growth companies, amongst others Enviro.

Enviro is a company developing, building and operating industrial plants for material recovery from End of Life Tyres (ELT). The company has developed a process, based on a patented technology, where gas generated in the process is heating the tyres in absence of oxygen. This enables the materials in the tyres to decompose and be recovered instead of incinerated. Thus, a sustainable recovery of the resources Carbon black, Oil, Steel and Gas is obtained. The products are used in new products, replacing fossil resources to help the customers reach their sustainability targets. Enviro was founded in 2001, has its head office in Gothenburg and runs its own plant for ELT tyres in Åsensbruk, Sweden. The company is listed on the Nasdaq First North Growth Market with Mangold Fondkommission AB, tel. +46 (0)8 5030 1550, ca@mangold.se, as its Certified Advisor. www.envirosystems.se
