Enviro publishes new shareholder register

With the assistance of Monitor via Modular Finance, Scandinavian Enviro Systems has prepared a register of the 15 largest owners of the company as of June 30, 2023. Following the directed share issue in May, the company's new owners include Handelsbanken Fonder, Swedbank Robur Fonder and Skandia Fonder. Michelin did not participate in the issue but remains the largest shareholder by a considerable margin with 16.28 percent.

The register reflects the major changes that have taken place since the announcement of the cooperation agreement with Antin in March of this year and the subsequent directed share issue in May. The 15 largest owners now include a number of prominent Swedish institutions, such as Handelsbanken Fonder, Swedbank Robur Fonder, Skandia Fonder, Cicero Fonder and Öhman Fonder.

Owners:	Ownership share: *
1. Michelin	16.28%
2. Avanza Pension	6.63%

Scandinavian Enviro Systems contributes to enhanced environmental and economic sustainability using a patented technology for the recovery of valuable raw materials from scrapped and end-of-life products, including tires. The production of new tires using carbon black recovered with Enviro's technology reduces carbon dioxide emissions by up to 93 per cent compared with the use of virgin carbon black. Enviro has its head office in Gothenburg and a plant for the recycling of end-of-life tires in Åsensbruk. The largest owner is the French tire manufacturer Michelin. Enviro was founded in 2001 and is listed on Nasdaq First North Growth Market. www.envirosystems.se
