

PRESS RELEASE 23 FEBRUARY 2024

Axfood publishes Annual and Sustainability Report 2023

Axfood's Annual and Sustainability Report 2023 has been published and is now available on the Group's website.

– In changing times, another successful year for Axfood is summarised with high growth, increased market share and major strides towards increased competitiveness through investments in digitalisation, automation and the customer offering. Our business model remains strong despite significant changes in market dynamics and it is clear that more people have come to appreciate our concepts and offerings. This provides us with excellent conditions for continued long-term, profitable and sustainable growth, says **Klas Balkow**, President and CEO, in the CEO's message.

As part of Axfood's work to minimise the company's environmental impact, the Annual and Sustainability Report is as in previous years only made available in the digital format.
