

## Crunchfish Exhibits at Global Fintech Fest 2025 in Mumbai

Crunchfish will be joining the Global Fintech Fest 2025 in Mumbai. With a booth on the exhibition floor and CEO Joachim Samuelsson featured in a panel, Crunchfish will showcase how Digital Cash is rethinking payments - online, offline, and with cash - to make payments resilient, interoperable, and private in a secure, scalable, and cost-effective way.

Crunchfish will exhibit at the Global Fintech Fest (GFF) 2025 in Mumbai, October 7-9, where the global fintech community gathers more than 100,000 delegates to discuss fintech and the future of financial services. Crunchfish invites visitors at booth H16 to explore how Crunchfish Digital Cash delivers resilience, interoperability, and privacy to any payment ecosystem – ensuring that digital payments work online, offline, and with cash.

Crunchfish CEO Joachim Samuelsson will join a panel discussion about: “Global, Instant, Trusted: What the Next Billion Users Will Expect from Finance”, moderated by Akhil Devmurari, J.P. Morgan Payments. The panel will explore how the financial industry must adapt to meet the needs of the next wave of users worldwide.

With its patented Reserve-Pay-Settle approach, Crunchfish enables secure, instant digital IOUs from wallets that can be validated offline and later settled in existing payment networks. This innovation provides resilience, interoperability, and privacy in a secure, scalable, and cost-effective way.
