

Obducat receives order for Quickstep C 200 system from Sensor Industry

OBDUCAT AB (publ) subsidiary solar-semi GmbH, a leading supplier of system solutions for lithography processing, has received an order for the supply of a Quickstep C 200 SM+ Coater system. The order value amounts to approx. 700 KSEK.

The Quickstep system will be configured for efficient and high accuracy coating applications on rectangular substrates in sensor manufacturing. The sensors will be used in various type of customized sensors solutions measuring parameters such as temperature, humidity and flow.

The Quickstep system is planned to be delivered fourth quarter 2016.

This is information that Obducat AB (publ.) is required to disclose pursuant to the Swedish Securities Market Act and/or the Financial Instruments Trading Act. The information was submitted for publication on September 27, 2016 at 08.00 CET.
