* Validity of a zone for a vehicle type, LWV = lightweight vehicles (e.g. moped, quad, motorcycle) **ZPA/ZPAd zones are weather-dependent zones for ozone, particulate matter and nitrogen oxides, where the badge is only mandatory when the zone is activated by local authorities. Attention: Early warning within 24 hours!

Type of zone: FZ: Permanent zone • WZ: Weather-dependent zone • DF: Diesel driving ban zone • ZE: Zero-Emissions-Zone • IS: City centre • ST: City • RE: Region • DP: Departement • FS: Street • FS: Lane • SO: Other zone

Use the free Green-Zones App to drive through the environmental zones in Europe – No more fines or unplanned delays!
