ISPO, Munich, February, 2015

The different models in the Thule Legend Collection – GoPro¹ bags and cases for adventurers

Thule Legend Collection is a series of fully featured GoPro bags and cases. The sleek and fast design makes them suitable for any outdoor activity. The collection consists of two sizes of cases, one backpack and one sling pack.

Thule Legend GoPro Backpack is a crushproof, lightweight feature-rich GoPro backpack with integrated camera mounts to capture adventures from multiple angles. It packs up to three GoPro cameras, chargers, housing options, mounts, straps, grips and poles as well as snacks, extra clothes and a hydration reservoir.

This is the only GoPro backpack on the market with the unique feature-combo of two custom-made camera mounts, removable and rinsable interior foam organizer and detachable waist belt. Slim, aerodynamic shaping, as well as chest and rear camera mounts to give a 360° perspective make it the ideal adventure pack.

Features:

- Integrated mounts allow for two GoPro cameras to attach and record forward and backwards
- Removable die-cut foam pad makes it easy to fully rinse interior clean of dust, mud, sand and build-up
- Lid pocket stores chargers and cables
- Separate compartment for mounts and straps
- Sleek shape and lightweight construction prevent bag from interfering with activities
- Dedicated storage for hydration reservoir (reservoir not included)
- Oversized zipper pulls provide easy access even for gloved hands
- Waist belt and sternum strap provide enhanced comfort and support
- Easy-access side pockets on waist belt for iPhone or multi-tool
