

Lundin Gold Declares Quarterly Dividends of US\$1.21 per Share

Lundin Gold Inc. (TSX: LUG; Nasdaq Stockholm: LUG; OTCQX: LUGDF) ("Lundin Gold" or the "Company") is pleased to announce that its Board of Directors has declared quarterly cash dividends of US\$1.21 per common share (the "Quarterly Dividends"), comprised of the fixed dividend of US\$0.30 per share and the variable dividend of US\$0.91 per share. The dividends will be payable on June 25, 2026 (June 30, 2026 for shares trading on Nasdaq Stockholm) to shareholders of record at the close of business on June 10, 2026 (the "Quarterly Record Date"). This dividend qualifies as an "eligible dividend" for Canadian income tax purposes.

Jamie Beck, President and CEO commented, "Our record quarterly dividend of US\$1.21 per share reflects the exceptional quality of Fruta del Norte and its ability to consistently generate significant free cash flow. Given the asset's strong performance and margins, we again chose to return 100% of normalized free cash flow after payment of the fixed dividend to shareholders this quarter.

This dividend underscores the strength of FDN and our continued focus on disciplined capital allocation, balancing meaningful returns to shareholders with continued investment in long-term value creation."

Quarterly Dividends payable on June 25, 2026 (June 30, 2026 for shares trading on Nasdaq Stockholm)

	U.S. dollars per share	Approximate total in US\$m
Fixed dividend	0.30	73
Variable dividend	0.91	221
Total Quarterly dividends	1.21	293

Based on today's closing price of the Company's common shares on the TSX of CAD\$94.67, the Quarterly Dividends totaling US\$1.21 per common share represent an estimated annual yield of approximately 7.0%¹.

The variable dividend for the first quarter of 2026 was calculated as follows:

<i>Amounts expressed in thousands of U.S. dollars, except share and per share amounts</i>	
Free cash flow ¹	348,510
2026 annual payments of \$221.4m pro-rated quarterly	(55,342)
Fixed Dividends paid	(72,542)
Normalized free cash flow	220,626
100% of normalized free cash flow paid as variable dividend	220,626
Shares outstanding as of May 6, 2026	241,809,679
Variable dividend per share	0.91

¹ Estimated yield assumes four quarterly dividends of US\$1.21 per common share and has been calculated using today's CAD\$ to US\$ exchange rate of 1.3625 as provided by the Bank of Canada.

Subject to the continued discretion of the Board of Directors, the variable dividend will be equal to an amount per share based on at least 50% of the Company's normalized free cash flow during the preceding quarter, less the fixed dividend paid during such period. The Company will determine its normalized free cash flow each quarter by removing significant non-recurring items from its free cash flow¹ calculation. For the variable dividend declared on account of the 2026 financial year, this normalization includes annual payments which were paid in April of income taxes and profit sharing, together equaling US\$221.4 million, which amount will be apportioned across each financial quarter in 2026 at a rate of US\$55.3 million.

The Quarterly Dividends for common shares trading on the TSX and the OTCQX will be paid in Canadian dollars on June 25, 2026 based on the prevailing exchange rate at the Quarterly Record Date. The Quarterly Dividends for shares trading on Nasdaq Stockholm will be paid on June 30, 2026 in Swedish kronor (SEK) in accordance with Euroclear principles to shareholders of record at the close of business on the Quarterly Record Date. To execute the payment of the Quarterly Dividends, a temporary administrative cross-border transfer closure will be applied by Euroclear from Monday, June 8, 2026 to Wednesday, June 10, 2026 during which period shares of the Company cannot be transferred between TSX and Nasdaq Stockholm.

Payments to shareholders who are not residents of Canada will be net of any Canadian withholding taxes that may be applicable. For further details, please visit: www.lundingold.com/investors/dividends.
