Smartoptics Group ASA: Annual report 2025 published

Oslo, Norway – 10 April 2026 – Smartoptics Group ASA (SMOP) has today published its Annual Report for 2025.

Smartoptics delivered strong growth and improved profitability in 2025, with revenue of USD 75.3 million (USD 55.5 million), corresponding to a growth of 35.6%. EBITDA was USD 9.7 million (USD 5.6 million), corresponding to an EBITDA margin of 12.9% (10.1%), and EBIT was USD 6.8 million (USD 3.3 million), corresponding to an EBIT margin of 9.0% (5.9%).

“2025 was a transformative year for Smartoptics. We delivered strong growth, improved profitability, and important strategic milestones, confirming the strength of our business model and our position in a rapidly evolving optical networking market. We continue to see increasing demand driven by cloud, data center connectivity and AI-related infrastructure, and we are well positioned to capture further growth going forward,” said Magnus Grenfeldt, CEO of Smartoptics.

During 2025, Smartoptics uplisted to the main market of Euronext Oslo Børs, strengthening the company’s visibility in capital markets and supporting its continued growth ambitions.

The 2025 Annual Report and Remuneration Report are enclosed. The annual report in European Single Electronic Format (ESEF) is also available as an attachment to this release.

About Smartoptics

Smartoptics provides innovative optical networking solutions and devices for the new era of open networking. Our customer base includes thousands of enterprises, governments, cloud providers, Internet exchanges as well as cable and telecom operators. We have an open networking approach in everything we do which allows our customers to break unwanted vendor lock-in, remain flexible and minimize costs. Our solutions are used in metro and regional network applications that increasingly rely on data center services and specifications. Smartoptics is a Scandinavian company founded in 2006. We partner with leading technology and network solution providers such as Brocade, Cisco and Dell and have a global reach through more than 100 business partners.
