

News release from Vestas China

Beijing, 27 March 2020

Vestas secures 62 MW order in China

Vestas has received an order for a project in China that includes the supply of V120-2.2 MW wind turbines as well as a 5-year Active Output Management 4000(AOM 4000) service agreement.

The order brings Vestas' total order intake in China up to more than 600 MW within a period of three months.

Deliveries are expected to begin in the second quarter of 2020, while commissioning is planned for the fourth quarter of 2020.

The project and customer names are undisclosed.
