

News release from Vestas Mediterranean

Madrid, 31 March 2020

Vestas secures 48 MW order from Italian auction

Vestas has received a 48 MW order for a project awarded in the first Italian auction held in October 2019. The contract includes the supply and installation of 14 V136-3.45 MW wind turbines, as well as a ten-year Active Output Management 4000 (AOM 4000) service agreement designed to ensure optimised performance for the lifetime of the project.

Since installing its first turbine in Italy in 1991, Vestas has led the country's wind industry with over 4.3 GW capacity installed, being the main contributor to the expansion of wind energy with a 40 percent market share.

Turbine delivery will begin in the fourth quarter of 2020 with commissioning scheduled for the first quarter of 2021.

The project and customer are undisclosed.

About Vestas

Vestas is the energy industry's global partner on sustainable energy solutions. We design, manufacture, install, and service wind turbines across the globe, and with 113 GW of wind turbines in 81 countries, we have installed more wind power than anyone else. Through our industry-leading smart data capabilities and unparalleled 96 GW of wind turbines under service, we use data to interpret, forecast, and exploit wind resources and deliver best-in-class wind power solutions. Together with our customers, Vestas' more than 25,000 employees are bringing the world sustainable energy solutions to power a bright future.
