Madrid, 30 December 2022

Vestas wins 76 MW order in Italy

ERG has placed a 76 MW order for the repowering of the Castelvetro Salemi wind park, located in the Sicilia Region, Italy. The contract includes the supply and installation of thirteen V150-4.2 MW wind turbines and five V136-4.2 MW wind turbines, as well as an Active Output Management 5000 (AOM 5000) service agreement.

"We are very proud to partner once again with ERG and increase our joint contribution to Italy's energy transition. This order also underlines the versatility of Vestas' 4 MW platform and its ability to provide our customers with business case certainty in different sites.", says Vestas General Manager Italy & Turkey, Francesco Amati.

Turbine delivery is scheduled for the first quarter of 2024, while commissioning is planned for the second quarter of 2024.

The order also reinforces Vestas' leadership in the country's wind energy sector, where it has installed over 4.9 GW since 1991.

About Vestas

Vestas is the energy industry's global partner on sustainable energy solutions. We design, manufacture, install, and service onshore and offshore wind turbines across the globe, and with more than 160 GW of wind turbines in 88 countries, we have installed more wind power than anyone else. Through our industry-leading smart data capabilities and unparalleled more than 140 GW of wind turbines under service, we use data to interpret, forecast, and exploit wind resources and deliver best-in-class wind power solutions. Together with our customers, Vestas' more than 28,000 employees are bringing the world sustainable energy solutions to power a bright future.
