

News release from Vestas Northern and Central Europe

Hamburg, 31 March 2025

Vestas secures orders with wpd for a total of 154 MW in Germany

Vestas is proud to announce that wpd GmbH, developer and operator of renewable energy projects, and Vestas have closed eight undisclosed onshore orders in Germany in the first quarter of 2025 that sum up to 154 MW.

The orders include a broad range of turbine variants across several German federal states. This diversity of orders and technology underlines the importance for a strong partnership and a broad product portfolio to serve our onshore customers in Germany.

“We are very thankful about the long-term partnership with wpd and the mutual business we conduct especially in Germany” said Nils de Baar, President Vestas Northern & Central Europe. *“wpd is one of the most experienced and successful developers in Germany and we are very proud that we at Vestas can play an active role in this success story”*.

Dr. Gernot Blanke, owner and CEO at wpd GmbH, said *“Vestas is a key supplier to wpd and together we have built an extremely strong foundation over the last years. With its broad and strong product portfolio, Vestas is a key contributor to deliver business case certainty to wpd and our partners.”*
