About BPC Instruments AB (publ)

BPC Instruments is a Swedish technology company developing analytical instruments for renewable bioenergy and environmental biotechnology, including biogas and biodegradability testing. The systems enable advanced testing with higher accuracy and consistency, while reducing the time and manual work required. The portfolio combines high-quality hardware and software with deep application knowledge built over more than 20 years. Today, BPC exports to more than 90 countries and is listed on the Spotlight Stock Market in Sweden. For more information, please visit: www.bpcinstruments.com
