Genexis Group presents Q3 2025 financial report

Genexis Group's net sales Q3 2025 were EUR 12.8 million, EUR 1.2 million lower than Q3 2024.

The adjusted EBITDA of Q3 2025 was EUR 1.7 million, compared to EUR 2.8 million in Q3 2024. The operating cash flow after investment activities in Q3 2025 was positive at EUR 0.9 million.

"The beginning of the third quarter of 2025 was a disappointment as sales in our markets were weaker than anticipated, however substantially improving in September. Gross margin was strong at 44.7%. The increase in gross margin compared to the previous year and previous quarter, is driven by a larger proportion of sales in higher margin regions as well as positive product mix." says Genexis Group CEO Gerlas van den Hoven.
