

## Foxway Publishes Annual Report and Sustainability Report for 2024

Foxway Holding (publ) announces that its Annual Report as well as its Sustainability Report for 2024 have been published and are available on the company's website. The company has also published a "2024 – Year in Review" video with CEO Patrick Höijer, in which he comments on the reports.

*"2024 was a transformative year for Foxway and the beginning of an exciting new chapter. During the year, we continued to increase operational efficiency, improved our market position and set a clear direction for our growth journey through to 2028. Our focus moving forward is on executing the established strategy, with the aim of further solidifying our position as the leader in circular tech. Our ambition is to provide our partners and customers with the most beneficial and cost-efficient services for managing mobile phones, computers and other tech devices,"* says Patrick Höijer, Chief Executive Officer, Foxway.

*"2024 was a wake-up call. As the hottest year in recorded history, it pushed us past the critical 1.5°C threshold and underscored the urgency of authentic, systemic change. At Foxway, we've committed to a future-proof, degrowth-aligned strategy, one that strengthens our resilience in the face of ecological breakdown, global instability, and shifting regulations. Our sustainability vision is clear: to lead by authentic sustainability within planetary boundaries,"* says Stefan Nilsson, Chief Impact Officer, Foxway.

The Annual Report as well as the Sustainability Report, which are attached, can also be downloaded from the company's website. [The video with Patrick Höijer can be accessed here](#)
