

Renowned Danish car specialist Anders Bilidt takes on dual role at Selected Car Group

Denmark's largest leasing and investment group for premium cars, Selected Car Group, has as of 1 December appointed Anders Bilidt as Sales Director for Selected Car Investment, Selected Car Group's investment company for exclusive collector cars. At the same time, Anders Bilidt also takes on the role of Head of Selected Car Collection, one of Europe's most exclusive private car collections. With this appointment, the group sharpens its focus on the collection's authenticity combined with a scalable investment set-up in a growing international market for collector cars.

Anders Bilidt has had a passion for classic cars from an early age, growing up in a car-loving family. He spent much of his time in the sales department and workshop at his father's BMW dealership until, at the age of 16, he bought his first classic, a BMW 2002, which he still owns and drives. At 20, he moved to Hong Kong, where he sold Porsches and other high-end cars, before joining a UK-based company specialising in Italian classics.

In the UK, Anders Bilidt trained as a pilot, and he spent the next two decades in the air as a commercial pilot, using his travels to deliberately build a network and experience in the world of classic car collectors. He later swapped the cockpit for a position as museum director, curating the Haaning Collection in Copenhagen up to the collection's opening. He then joined RM Sotheby's in 2021 as a car specialist, working broadly with collector and classic cars from all eras, from pre-war to modern hypercars – with a personal soft spot for classic BMWs that has since expanded to include both Porsche and Ferrari.
