

Allgon appoints Pär Wahlstrand as new Managing Director of Tele Radio Sweden

Gothenburg, June 29th, 2026

Allgon Group has appointed Pär Wahlstrand as the new Managing Director of Tele Radio Sweden, effective 1 June 2026. He succeeds Erik Jansson, who has decided to leave the company after 18 years as Managing Director to pursue new opportunities.

The appointment marks the next step in Tele Radio Sweden's continued development as part of Allgon, with a focus on long-term growth, customer value and closer collaboration within the Group and the Nordic organisation.

"We are very pleased to welcome Pär as the new Managing Director of Tele Radio Sweden," says Linda Nyquist-Evenrud, Group CEO of Allgon Group. "Pär has extensive experience from both Tele Radio and Allgon, as well as a strong understanding of our customers, markets and the potential that lies in closer collaboration within the Group. With his commercial drive and broad experience, he is well equipped to lead Tele Radio Sweden into its next phase."

Pär Wahlstrand has extensive experience from Allgon and Tele Radio, most recently serving as Interim Chief Marketing Officer for the Group. In his new role, he will lead Tele Radio Sweden and contribute to the company's continued development, with a continued focus on customer proximity, growth and strengthened collaboration within Allgon.

"I am pleased and honoured to have been entrusted with leading Tele Radio Sweden," says Pär Wahlstrand. "The company has a strong position, an experienced team and close customer relationships. I look forward to working together with the organisation to continue developing the business, strengthening customer value and contributing to Allgon's continued growth."

Erik Jansson has served as Managing Director of Tele Radio Sweden for 18 years and has played a central role in the company's development and growth. Under his leadership, Tele Radio Sweden has strengthened its position in the Swedish market and built a strong offering in industrial radio control. Allgon extends its sincere thanks to Erik Jansson for his significant contributions, dedication and leadership over the years.

"Erik has done highly appreciated work and has been an important part of Tele Radio Sweden's development," says Linda Nyquist-Evenrud. "We would like to thank him for his valuable contributions and wish him every success in his future endeavours."

"It has been a rewarding and successful journey," says Erik Jansson. "I would like to extend my sincere thanks to our customers, partners and colleagues for a fantastic collaboration over the years. The future looks very bright for Tele Radio, and I am confident that the company will continue to grow and develop."

Information for the editors, not for publication

Allgon is a world-leading player in industrial radio control. We develop, manufacture, and deliver solutions in industrial radio control to customers around the world.

At Allgon, we have a long history of working with wireless communication. In recent years, we have focused our activities on the market for industrial radio control, where we are among the five largest players globally. Industrial radio control is used within a wide range of application areas in industrial production as well as in the construction and transport sectors. Our solutions often have a central and business-critical role in our customers' production and the safety of their employees. Industrial radio control helps to streamline the customers' business.

The majority of Allgon's turnover is in radio remote control systems through our brands Tele Radio, Sistematica, and Åkerströms.
